Palladium – BVI and Anguillan legal opinions

Palladium has an in-house team of BVI and Anguillan admitted solicitors based in our London and BVI offices.

Palladium offers its clients excellent service and efficiency in issuing its opinions whilst being cost sensitive.

Typically our charges are **less than half** our competitors' at no prejudice to the quality or service! The usual cost for an opinion from these jurisdictions is **US \$2,000** plus disbursements.

Part of the inspiration in setting up Palladium derived from the clear gap we saw in the market for providing timely and secure legal opinions at a reasonable price.
