Palladium – Offshore directorships

We offer personal and corporate directorships from directors/director companies in the blue chip jurisdictions of BVI and Singapore. We will source for you the most appropriate directorship which will vary according to the needs of the particular company.

We are firmly of the belief that there is no such thing as a 'nominee' director and we take each directorship we take extremely seriously.

That said, offshore directorships can be hugely advantageous to companies where their beneficial owners are resident onshore but the company concerned's business takes place in the tax neutral arena.

Our take on fee of **US \$3,000** per directorship includes our help in establishing a bank account for the company and preliminary actions required of the director. Thereafter we charge on a time cost basis which will depend on which director you employ.
